How to Join the Sunday and Midweek Learning Communities Online

Groups are using a video conferencing tool called Zoom. It's user-friendly and creates an interactive way to enjoy an online lesson and discussion.

1. Access a computer, phone or tablet that has a video camera. If using a phone or tablet, you will need to download the free "Zoom Cloud Meetings" app on [Apple App Store](#) or [Google Play](#).
2. Click on the group link around the scheduled time of the meeting.
3. Zoom will download the meeting to your computer or open it through your phone/tablet app. [Click here for a video tutorial](#).
4. Zoom will ask you to enter your name and email. This is so we can know who is joining the meetings.
5. Once in the meeting, you'll see everyone on screen and be guided by group leaders from there. [Click here for a video tutorial](#).
